

Technology and Human Rights - Friends or Foes? Highlighting Innovations Applying to Natural Resources and Medicine

By Hans Morten Haugen

Republic of Letters, United States, 2012. Paperback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book. Human Rights Series, 2 (Library of Human Rights, 2) Hans Morten Haugen offers a lucid analysis of the intersection of intellectual property with health, traditional knowledge and biodiversity against a backdrop of established and emerging human rights. How those rights interface and who decides are among the most difficult issues in international intellectual property, and there is no doubt that there is room for fresh ideas on how to simultaneously achieve the goals of innovation, development and access. Daniel Gervais, Ph.D., FedEx Research Professor of Law, Vanderbilt University Law School Realization of the right to enjoy the benefits of scientific progress is a necessary prerequisite for the realization of many other human rights. Yet, not states, nor human rights monitoring mechanisms, nor the scientific community have given focus to this right, its meaning and application. It is in this regard that Haugen s book is so important. Haugen s analysis of the meaning of the right, barriers to its realization and practical steps for its implementation, represents a significant contribution to the emerging literature about this neglected right.
