Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.This book describes a real world approach for business owners, executives and Boards to use in determining how business risk can affect top priority business strategies and how to develop action plans for addressing those risks through Enterprise Risk Management (ERM). Using this book, you can expect to be able to implement ERM with the confidence that you are managing the organizations most critical risks, enabling the enterprise to meet its strategic goals and objectives.
