Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Handbook to the Labour Laws of New Zealand The majority of the important statutes which have been grouped together as The Labour Laws had their origin in the policy of advanced legislation that has attracted attention to New Zealand of late years. They reveal themselves as the effect of a great popular effort to reform and improve the conditions of industrial life In regard to one or two of the Acts which still endure hostile criticism, the censure that at present exists is directed more towards details or methods than in attack on the principle underlying the enactment.
