Write Up the Road Publishing, United States, 2005. Paperback. Book Condition: New. 211 x 135 mm. Language: English . Brand New Book ***** Print on Demand *****.A collection of poetry which shows the experiences of someone who's seen more places and more miles than most people have ever dreamed about - he's walked the slums of our cities and the tops of mountains and everywhere in between. The author has held an accident victim in his arms as that person breathed his last, and twice attended the birth of a child on the side of a highway. As such he has a different perspective of the world we live in, and this shows in his writing. Dave is simply a man who writes what he feels and his smiles and tears come through in his writing to give his reader a view of life which most people seldom see. His words have the power of a diesel engine and the touch of an Angel's wing, causing people to stop and take another look at the world we live in and the people around us.
