

Queering Post-Black Art: Artists Transforming African-American Identity After Civil Rights (Paperback)

Filesize: 5.82 MB

Reviews

An incredibly great book with perfect and lucid answers. Better then never, though i am quite late in start reading this one. You will not sense monotony at whenever you want of the time (that's what catalogues are for relating to if you question me).
(Nannie Lindgren Jr.)

I.B.Tauris Co. Ltd., United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book. What impact do sexual politics and queer identities have on the understanding of blackness as a set of visual, cultural and intellectual concerns? In *Queering Post-Black Art*, Derek Conrad Murray argues that the rise of female, gay and lesbian artists as legitimate African-American creative voices is essential to the development of black art. He considers iconic works by artists including Glenn Ligon, Kehinde Wiley, Mickalene Thomas and Kalup Linzy, which question whether it is possible for blackness to evade its ideologically over-determined cultural legibility. In their own unique, often satirical way, a new generation of contemporary African American artists represent the ever-evolving sexual and gender politics that have come to define the highly controversial notion of post-black art. First coined in 2001, the term post-black resonated because it articulated the frustrations of young African-American artists around notions of identity and belonging that they perceived to be stifling, reductive and exclusionary. Since then, these artists have begun to conceive an idea of blackness that is beyond marginalization and sexual discrimination.
