These kinds of book is every thing and helped me hunting forward plus more. It is probably the most remarkable book we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

ITALIAN POWS SPEAK OUT AT LAST: ITALIAN PRISONERS OF WAR BREAK THEIR SILENCE (PAPERBACK)

Teneo Press, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Wars may be examined on many levels. On the grandest scale one can see them as the movements of masses of troops across a map with arrows and denotations of decisive battles. With a finer lens one can attempt to comprehend wars from the statements of national leaders or the strategic feints, thrusts, and parries of generals who order individual units across the battlefield. As valuable as these frames are in seeking to understand the reality of war, it is only by adding the perspectives of the individual soldiers that one can try to complete a thorough portrait of human conflict. That most critical and fine of lenses is the focus of this book. This is the story of World War II from the individual soldier's view as told by the men who fought for Italy on the Axis side and finished the conflict as prisoners of war (POWs). Through their accounts readers see the war as they experienced it.
