

Abnormal Psychology, Global Edition (Paperback)

By Thomas F. Oltmanns, Robert E. Emery

Pearson Education Limited, United Kingdom, 2014. Paperback. Condition: New. 8th edition. Language: English . Brand New Book. It's not about them, it's about all of us. Abnormal Psychology, 8/e brings both the science and personal aspects of abnormal psychology to life with a focus on evidence-based practice and emerging research. Authors Thomas F. Oltmanns and Robert E. Emery present the most cutting edge information on abnormal psychology by covering methods and treatment in context. Organized around the way students learn, this title helps readers understand the biological, psychological, and social perspectives of abnormal psychology. The 8th edition has been updated to include DSM-5 information throughout. The authors have integrated DSM-5 into the fabric of every chapter in a thorough, critical way, helping readers think critically about these changes and discuss the pros and cons of the DSM diagnostic systems. MyPsychLab (available as additional purchase, not offered standard with this text) MyPsychLab is an integral part of the Oltmanns / Emery program. Engaging activities and assessments provide a teaching and learning system that helps students think like a explore abnormal psychology. With MyPsychLab, students can develop critical thinking skills through writing, simulate classic experiments and surveys, watch videos on research...
