Duke University Press, United States, 2012. Paperback. Condition: New. Third Edition. Language: English . Brand New Book. This thirtieth anniversary edition of *Sound and Sentiment* makes Steven Feld's landmark, field-defining book available to a new generation of scholars and students. A sensory ethnography set in the rain forest of Papua New Guinea, among the Kaluli people of Bosavi, *Sound and Sentiment* introduced the anthropology of sound, or the cultural study of sound. After it was first published in 1982, a second edition, incorporating additional field research and a new postscript, was released in 1990. The third edition includes all of the material from the first two editions, along with a substantial new introduction in which Feld discusses Bosavi's recent history and reflects on the challenges it poses for contemporary theory and representation.
