Keyshia wasn't your typical hood chick from the bricks. And with beauty, education, and a hustler's ambition, she proved just about everyone who doubted her wrong. Making it to the top wasn't easy, but with her brother Ru, and his crew behind her, she was destined to make it happen. But she soon learns what goes up must come down and that having a few secrets of her own may just come back and bite her in the ass along with tearing her relationship with her brother apart at the same time. Ru had been raising Keyshia since she was a little girl, ever since their crack head mother ran off and left them for dead. After he steps up and does what he knows best, which is getting money, it's only fair he takes his right hand man Cashmere with him. But what happens when they both end up facing 20 years in the feds? With his wifey Tandy by his side, Ru is prepared for anything as long as she is riding. But will she ride when she finds out Ru's been hiding secrets of his own? Cashmere was the hood's hot commodity for as long as he could remember. Fast cars, pretty bitches, and racks of money were nothing new to him. Neither was going to jail. But after getting done dirty by his baby momma, he realizes the only person he ever loved was Keyshia, but being with Keyshia meant betraying his right hand man something he wasn't sure he wanted to do. What happens when Keyshia's big secret is revealed, will Cash still want her or will...
