

Pretties with Ugly Thoughts

Filesize: 6.02 MB

Reviews

A really amazing ebook with lucid and perfect answers. It is really simplistic but excitement in the 50 % in the publication. I am just happy to explain how this is actually the best pdf i actually have study during my individual daily life and may be he greatest ebook for possibly.

(Toney Bogan)

PRETTIES WITH UGLY THOUGHTS

GRIN Verlag. Paperback. Condition: New. 36 pages. Dimensions: 8.3in. x 5.8in. x 0.1in. Seminar paper from the year 2013 in the subject English - Literature, Works, grade: 1, 0, Humboldt-University of Berlin (Institut fr Anglistik), course: Figurations of Survival in Dystopian (Young Adult) Fiction, language: English, abstract: Scott Westerfelds trilogy Ugliers - Pretties - Specials tells us about the 15-year-old girl Tally who lives in a society whose citizens (have to) undergo an operation in order to be made pretty as soon as they get 16 years old. The books could easily be taken for prominently criticizing callomania, i. e. the excessive love of and craving for beauty and the respective extreme efforts people make to appear beautiful and thus correspond to a certain ideal. It is widely acknowledged that Western countries have developed into societies whose citizens spend remarkable amounts of time and money in the improvement or maintenance of their fitness and body appearance. Since the 1980s, an increasing number of so-called body image disorders is reported. More and more and even younger people suffer from a systematic depreciation of their bodies as they compare them to ideal and imaginative body images (Menninghaus, Winfried: Das Versprechen der Schönheit. Frankfurt a. Main: Suhrkamp, 2007: 250-251). It therefore seems a first and logical approach to see Westerfelds books as a major criticism of today's (Western) societies and media which make people perceive their bodies as negative and inferior. As they are considered to be dystopian fictions, we anticipate Westerfelds novels to carry a warning reference to the readers present society. In this sense, Westerfelds books offer a most sinister view on how far we could get if we are advancing technologies like aesthetic surgery and genetic engineering without reconsidering how, why and to what extent we use them. We assume this critical...
