Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Clinical Lectures on Diseases of the Eye: Expressly Prepared and Arranged for the Practitioner of Medicine and Surgery The following chapters have been arranged from my clinical lectures and conversations with students. They were then intended, as they are now, for the general practitioner and those who are beginning the study of ophthalmology. With this in view the discussion of necessary technical subjects has been brief and freed from unnecessary detail; methods not generally accepted have been avoided and the subjects covered have been the more common injuries, diseases and errors of the eye and their relation to general conditions rather than a review of the entire field of ophthalmology - the purpose being an exposition of my point of view and practice to-day. Fully appreciating the many shortcomings of this volume it. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
