Reviews

Here is the finest publication we have read right up until now. It is actually written in easy words instead of difficult to understand. It has been written in a remarkably easy way in fact it is only right after I finished reading this book in which it basically changed me, modified the way I really believe.

Hopscotchpublishing.com, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Some Called it Murder is Temple Stuart s deeply personal story about sibling rivalry turned viscous, a riveting, true account of one women s emotional struggles after a sensationalized murder accusation led to her conviction in the death of her suicidal mother. A high-achieving, socially well-connected women, Temple is an adventurous soul who has traveled the world as a flight attend for Hughes Air West Airlines and navigated over 24,000 miles on the seas as a 50 ton ship captain. Temple s story details her shock at being arrested, the public humiliation of her apprehension, her one-year preparation for trial, and the looming threat of a prison sentence of at least twenty-five years - or, perhaps, life. Temple fought futilely to defend herself against a barrage of lies and a legal system inclined to believe those lies. After hiring four lawyers, enduring two psychiatric examinations and the pain of delving into a past she had preferred to keep secret even from herself, she could not save herself from being sentenced to the highest security women s prison in the United States. Survival in that hostile and violent environment resulted in some amusing as well as practical descriptions of the reality of prison life. Meant to be a thought provoking read, this book raises the ethical issues of mercy killing. It is a call to action for families, the medical community and the judicial system to work together toward recognition of the right to die with dignity.
