An extremely awesome publication with lucid and perfect explanations. It is actually written in basic phrases rather than confusing. You will like how the writer publishes this book.

Brand New Book ***** Print on Demand *****.What can a Fairy, a mole, a sparrow and lots of other woodland creatures have in common with a little girl. I hear you ask? Well my dears I suggest you read on and enter the wonderful world of Fairyland. Yes, it really is true there are fairies at the bottom of the garden. We start off in a cottage garden, walk along the path to the old apple tree at the bottom of the garden and wait for our friends to arrive. Lily is worried her mother is planning on chopping down the apple tree, which has not had any apples for a few years now. Lily knows lots of woodland creatures live in and around the tree stump. What she does not know yet is who lives underground, how many little people there are living in this beautiful, colourful and magical place. Let me tell you a little of the sad story. First of all Lily befriends a little sparrow called Alfie who introduces her to Georgia the Head Fairy, then Charlie the hedgehog and Mr Magpie. Together they try to thwart the BIG, nasty, horrid and cruel Wicked Warlock who has cast a spell to replace all of the children s nice dreams with bad dreams. So, you and I know that there really are fairies and little people and they are good and true and should be listened to.
