

Drawings and Paintings: 150 Plates (Paperback)

By Adolph Menzel

Dover Publications Inc., United States, 2016. Paperback. Condition: New. Language: English . Brand New Book. To draw everything is good, to draw everything is better still, declared Adolph Menzel, one of nineteenth-century Berlin's premier artists. In keeping with his motto, Menzel exhibited tremendous powers of observation, technical perfection, and an interest in a wide range of subjects. This volume contains 98 black-and-white images and 32 color plates of his works, many of which have rarely been seen outside of Germany. The first major naturalistic artist of his era, Menzel came of age in a country still in the grip of Goethe's romanticism. In addition to founding Germany's realistic school, the artist laid the groundwork for the development of Expressionism. His skillfully rendered illustrations faithfully re-create details of anatomy, costume, and composition. This volume's drawings and paintings were selected by Dinotopia author James Gurney, who also provides an informative Introduction. Serious students of fine art as well as those with a more casual interest will rejoice in this original compilation of extraordinary images by an unjustly overlooked artist.

Reviews

These sorts of pdf is the greatest pdf available. It really is written in simple words and never difficult to understand. I am just very easily could get a delight of studying a written ebook.

-- **Mr. Allen Cassin**

A high quality ebook as well as the typeface employed was exciting to read. It is actually loaded with wisdom and knowledge You wont sense monotony at at any moment of the time (that's what catalogues are for concerning when you request me).
