Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Today, an organization's survival ultimately rests on how well (and fast!) it creates value. That's why decision-makers consistently rate business intelligence as one of their top investment priorities. They depend on information to help them compete in a world where disruption is a constant and speed an obsession. But recognizing the need for BI is one thing. Effectively using it to create value is an entirely different matter. Hyper is the essential quick-read guide for busy business and IT professionals struggling to make BI work. Packed with pragmatic advice, proven methods, and real-world tools, this book provides straight talk on how to finally deliver BI in a hyper-responsive, hyper-agile, and hyper-flexible way. Inside you will discover: Ways to overcome the 4 primary challenges associated with BI planning and execution Methods to create, validate, and communicate requirements that accelerate decision-making How to deliver quick wins that drive end-user adoption and long-lasting solutions Plus, you'll find practical tips from years of hands-on field work. Hyper will change the way you think about, plan, and execute...
