Forgotten Books, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Dental Columbian, 1938 The nature of this graduate training for specialization is still to be determined, but one thing seems certain and that is that it should be on a university basis and qualitatively equivalent to graduate training in other branches of the university. Since the least graduate work to carry uni versity recognition is that for the master s degree, it might be well to start with that in the field of dentistry. It is conceivable that in any of the special clinical phases of dentistry two academic years of work might be so planned as to satisfy the graduate school requirements for the degree of Master of Science in Dental Surgery or Orthodontics or some other special field of dental practice.
