The Rover of the Andes: A Tale of Adventure on South America

By Robert Michael Ballantyne, R M Ballantyne

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Towards the close of a bright and warm day, between fifty and sixty years ago, a solitary man might have been seen, mounted on a mule, wending his way slowly up the western slopes of the Andes. Although decidedly inelegant and unhandsome, this specimen of the human family was by no means uninteresting. He was so large, and his legs were so long, that the contrast between him and the little mule which he bestrode was ridiculous. He was what is sometimes styled loosely put together; nevertheless, the various parts of him were so massive and muscular that, however loosely he might have been built up, most men would have found it rather difficult to take him down. Although wanting in grace, he was by no means repulsive, for his face, which was ornamented with a soft flaxen beard and moustache of juvenile texture, expressed wonderful depths of the milk of human kindness.
