With four special words, Enchantment of a Princess begins the same way that most fairytales do, yet there is a sweet twist at the end of the story. Once upon a time there was a very little girl named Monika and from the time she first started speaking, she asked her mother to read her the same story each and every night. Secretly, her parents await the time when Monika will realize the true significance and understand the meaning of their favorite fairytale. This story is dedicated to children everywhere - may you embrace the magic and underlying meaning in fairy tales and when you have grown, share them one day with your own children.
