Pearson Education (US), United States, 2007. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Part of the Longman Library of Primary Sources in Philosophy, this edition of Frege's *Foundations of Arithmetic* is framed by a pedagogical structure designed to make this important work of philosophy more accessible and meaningful for readers. A General Introduction includes the work's historical context, a discussion of historical influences, and biographical information on Gottlob Frege. The conclusion discusses how the work has influenced other philosophers and why it is important today. Annotations and notes from the editor clarify difficult passages for greater understanding, and a bibliography gives the reader additional resources for further study.
