Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The world of marketing is rapidly changing. Gone are the days of being able to post storefront signs about upcoming sales and promotions with the result being a flurry of customers. Marketing has changed with social trends, and it is of the utmost important that businesses are able to keep up. Many people now rely more on online forums and exchanges to learn about new products and marketing campaigns. As such, digital marketing is becoming a must-have tool for any business that wants to be able to expand its reach. Many tools and techniques are available to get started with digital marketing, but where to begin? The vast amount of information, much of which is contradictory and supported by corporate interests, is crippling and intimidating. Marketing strategies have changed, as well. Keeping up with social media and other evolving trends requires marketers to be constantly learning new skills. Terms like growth hacking and lead conversion can dominate the literature surrounding marketing today, but what do those terms even mean? And more importantly, what do they mean for your business? Managing the number of leads that you are generating and knowing how many of those leads are converting to loyal customers is now a necessary part of any marketing campaign, but how do you even get started with such a daunting task? And public relations. What a nightmare. What are you to do in an age of conspiracy news websites, rumors going viral, and alternate truth ? How can your company present its best face to the world when one false move is all it takes to turn the mass public hostile towards your company? This book contains the answers to all of...
