THE FIFTY CENT CAFE (PAPERBACK)

Createspace, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Luke Lock lives on Earth in a not too distant future. He is an exemplary citizen who loves his life and views the government as benevolent. Luke revels in working for the greater good, strongly believing that his work helps to guarantee the safety of others on planet Earth. Luke never questions the reason why a Security Tag was implanted in his shoulder by State Surveillance, believing it is there for his own good. But Luke's views are about to change when he sees an unexpected arrest on State Television. The arrest doesn't make sense to him, especially when he realizes who is being arrested by the infamous Captain Gore and his feared team of Avoiders. Luke decides to start his own investigation, but has no idea where to start and who to ask for help. In this adventure Luke has to make some very important decisions that will not only affect his own life but also the stability of society. The Fifty Cent Cafe is a story about courage, belief, and the strength to overcome your own doubts and fight for freedom, even when the odds are against you.
