The Order, meanwhile, finds itself suddenly thrust into the midst of Armageddon before they know what is happening. The Templars have an idea, whether for better or worse, about what should be done with the newly recovered Ark of the Covenant, but the Church of Rome wants to take charge of it and keep it safe with the other artifacts in the Vatican Vaults. This does not set well with the Grand Master at all. When it seems things cannot get any worse, another cataclysmic event literally looms on the horizon. The question is, will the Order be able to save civilization from the powers from the Abyss Furthermore, it looks as if the Knight of Death is once again fed up with trying to help a seemingly lost cause.
