

Antichrist in Seventeenth Century England (Paperback)

Filesize: 3.72 MB

Reviews

An extremely wonderful ebook with lucid and perfect explanations. I was able to comprehend almost everything using this composed e publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

Verso Books, United Kingdom, 1997. Paperback. Condition: New. New edition. Language: English . Brand New Book. In the centuries following the Reformation, Antichrist the biblical Beast, whose coming was to precede the end of the world and the coming of Christ's kingdom was an intensely real figure. The debate raged as to who this Antichrist, whose downfall was now at hand, might be. Was he the Pope? Bishops? A state church? The monarchy? Or was it just a term of abuse to be hurled at anybody one disliked? Christopher Hill, one of Britain's most distinguished historians, here reconstructs the significance of Antichrist during the revolutionary crises of the early seventeenth century. Radical Protestant sects applied the term a name synonymous with repression and persecution to those Establishment institutions of which they disapproved; in particular, the Pope. Then, with that revolution in thought which resulted in the separation of religion from politics, the figure of Antichrist lost its significance.
