Brand New Book ***** Print on Demand *****.Mock-Up Test is a novel that takes readers through the tortuous phases of how Morpheus Cash Blitz comes up with the correct solutions at the correct times. Throughout the mock-up testing phases of a project that Morpheus is involved in he displays an in your face consulting and project management style. This style is very unnerving and annoys most of the corporate under achievers which Morpheus comes in contact with. When Morpheus is given the reigns to come into an organization and turn it upside down to find the missing money everyone feels uneasy. Morpheus Cash Blitz turns simple ideas into rational solutions, and he also turns lengthy and complex selling cycles into liquid cash. There s trouble at Xero Trouble Gear, an aging Fortune 1000 company which has not been producing anything of value lately. Morpheus is reluctant to take on XTG as a client, simply for the fact that XTG has had a recent string of unbreakable failures. XTG must get a touch of the Morpheus Cash Blitz magic, or it may be lights out for XTG for good.
