STATISTICS FOR ECONOMICS, BUSINESS ADMINISTRATION, AND THE SOCIAL SCIENCES

 Springer

Book Condition: New. Publisher/Verlag: Springer, Berlin | This book is intended as a textbook for a first course in applied statistics for students of economics, public administration and business administration. A limited knowledge of mathematics and - in one single chapter - some knowledge of elementary matrix algebra is required for understanding the text. Complicated mathematical proofs are avoided and the explanations are based on intuition and numerical examples. The aim of this book is to enable the student to...
