Good e-book and helpful one. It can be written in basic phrases rather than confusing. I realized this ebook from my i and dad recommended this book to find out.

AUTHORHOUSE, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Turning thirty, still a virgin and depressed out of her mind - Carly Harris intentionally threw herself into danger to stop a stranger from getting kidnapped in her attempt to end it all. Of course, all she managed to do was to get herself kidnapped too. Then, she finds out that they intended to use her as a sex slave and the extremely hot but also somewhat scary guy that she got kidnapped with is trying to convince her that he's a one hundred and twelve year old werepanther; although he is offering to escape and take her with him. Only she ended up being the one to save him! Although not before one of them bit her! Now she's found herself in a huge supernatural whirlwind and she wouldn't have time to kill herself even if she still wanted to. It's amazing how quickly someone's life can change. She's been turned into a freak of nature, being stalked by werewolves because of a date gone horribly wrong and accused of murder that she didn't commit by her boss and the local police. Plus, she's being dragged around the world in an attempt to save her life and others. It seems her dreams of action and adventure just slapped her in the face. Be careful what you wish for or you just might get it!.
