Reviews

It is a single of my personal favorite publication. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Maritime Home Grown Publishing & Presentations. Paperback. Condition: New. 54 pages. Dimensions: 8.0in. x 5.0in. x 0.1in. Unless you've been asleep for the past fifty years you've heard about the evils of the tobacco companies. How they've enticed our youth and destroyed the health of millions. You've seen the propaganda machine shrieking throughout the land. Observed dirty tactics from many players in the game, seen taxes on tobacco rise to loan sharking levels. Watched tobacco smokers huddled under canopies in snowstorms. If you were a non-smoker you worried little, but if you were a tobacco user OR a person who loved a tobacco user, you worried, fretted and prayed for deliverance. Perhaps you sent your honey out to buy gum, patches, or a pharmaceutical chemical to help them quit. Maybe you kicked them out of the house to partake in their filthy habit. Occasionally it worked, for a short time, usually it didn't. Even when it did, they became irritable, and fat, and then along came the miracle of all miracles, the electronic nicotine delivery system. Finally, something which actually works, but the story is not over yet. The game players continue to shame and shuffle, bark and growl, doing everything they can to protect their turf. While, one by one, those who prefer the benefits of nicotine switch from combustible tobacco to the ecig. The Electronic Nicotine Delivery System by Carolyn Ann Vaughan RN is one pro-nicotine users story! This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN.
