

A Manual of Organic Materia Medica and Pharmacognosy: An Introduction to the Study of the Vegetable Kingdom and the Vegetable and Animal Drugs (Paperback)

By Lucius E Sayre

Createspace, 2014. Paperback. Condition: New. Revised. Language: English . Brand New Book ***** Print on Demand *****.THE first edition of this work was published in 1879. It has been out of print a number of years and the present edition is so different from it in many respects that it can by no means be considered the same work. This second edition is a much more comprehensive volume, -and treats the subjects embraced from a different, more logical and satisfactory standpoint. The body of the work consists of two parts, under the first being presented the official drugs arranged according to the structural characteristics, and following this the official and unofficial arranged according to prominent physical properties and sub-divided by odor and taste. Then come the organic drugs from the vegetable kingdom, described and arranged according to their natural orders, followed by a, synopsis of natural orders and of drugs. Part III. is a special chapter descriptive of insects injurious to drugs, their habits, characteristics, etc. Part IV. is an entirely new portion, the elements of plant histology and microtechnique. The author believes that his classifications -of drugs are most suitable for both study and class work -and dwells upon...
