Want to sort out the claims of experts, pseudo-experts, scam artists, and liars alike? Want to protect yourself from the dangers of the ubiquitous nonsense and outright frauds that assault you from every side? Want to become acquainted with the pleasurable activity of discovering truth while enhancing your sophistication as a thinker? In this erudite yet entertaining handbook on critical thinking, Dr. Bernard M. Patten uses neuroscience, psychology, and psychiatry to teach you to do all this and more. He shows you that clear thinking is not just fun but also keeps you out of trouble, makes you more efficient, helps you develop and maintain prosperity, and generally gives you an edge in both your personal and business life. A Board Certified neurologist and a lecturer in formal, informal, and symbolic logic at Rice University, Dr. Patten has the scientific background as well as the philosophical training to give readers the most reliable and current information on how the brain thinks, learns, and remembers.
