THE MAP OF MEANINGFUL WORK (2E): A PRACTICAL GUIDE TO SUSTAINING OUR HUMANITY (PAPERBACK)

Taylor Francis Ltd, United Kingdom, 2017. Paperback. Condition: New. 2nd New edition. Language: English . Brand New Book. This book introduces the Map of Meaning which provides a clear, simple and profound framework of the dimensions and process of living and working meaningfully. The Map of Meaning is based on over 20 years research into the insights and practice of ordinary people as they search for, lose and find meaning. Incorporating the ideas of philosophers, psychologists and sociologists, this book describes how human beings wrestle with, and answer, questions such as, What gives my life and work meaning? , How can I balance inspiration and reality and maintain positive momentum? and How do we integrate meaningfulness into our workplaces? . Innate human knowledge is captured in a practical model that makes understanding and working with issues of meaning clear and accessible to everyone. At an individual level this book helps people to define and stay in contact with what is most important to them as they grapple with the real problems of daily life. The authors recognize that in the current economic context a simple, yet profound guide for humanity is essential, precisely because organizational life has become so intensely directed towards a singular economic goal. They argue that it is vital that people have an easy, powerful way to reclaim the significance of meaning in their working lives both individually and at a whole of...
