THE MONAD (A TIMELESS CLASSIC): AND OTHER ESSAYS UPON THE HIGHER CONSCIOUSNESS

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 70 pages. Dimensions: 8.0in. x 5.0in. x 0.2in. The information available on the subject of the Monad is necessarily scanty. We are not at present in a position to supplement it to any great extent; but a statement of the case, as far as it is at present comprehended among us, may save students some misapprehensions, such as are often manifested in the questions sent in to us. That many misconceptions should exist on such a subject is inevitable, because we are trying to understand with the physical brain what can by no possibility be expressed in terms intelligible to that brain. The Monad inhabits the second plane of our set of planes that which used to be called the paranirvanic or the anupadaka. It is not easy to attach in the mind any definite meaning to the word plane or world at such an altitude as this, because any attempt even to symbolise the relation of planes or worlds to one another demands a stupendous effort of the imagination in a direction with which we are wholly unfamiliar. This item ships from La Vergne, TN. Paperback.
