Jaico Publishing House, Delhi, India. Softcover. Book Condition: New. Does on-line learning confuse you? If you're like most people in the training field, including those who have already worked with on-line learning, it probably does. In *An Overview of On-Line Learning* Saul Carliner clears away the confusion by defining basic terms and concepts, and demonstrating how they relate to one another. This title is an excellent resource for people with an education or training background who have little experience with on-line learning. People with other backgrounds who will play a role in on-line learning, or on-line learning professionals who want an intellectual framework for the complexities of on-line learning, will also find it beneficial. Printed Pages: 128.
