Kiwi: A Natural History (Family Guide to New Zealand Wildlife)

By Castro, Isabel

New Holland Publishers (NZ) Ltd, Australia, 2011. Soft cover. Condition: New. 1st Edition. New Zealand's best-known bird and national icon is the subject of this new and highly accessible title from two experts in their field. There are five recognised species of kiwi, distributed unevenly in locations throughout New Zealand and ranging from the most widespread - the North Island brown kiwi - to the most endangered (the little spotted kiwi). Along with stunning photographs from award-winning wildlife photographer Rod Morris, native bird expert Dr Isabel Castro describes all key aspects of kiwi, from their evolution, prehistory and closest relatives (based on the latest research) to their feeding and breeding behaviour and current conservation issues, making this the perfect introduction for anyone with an interest in these fascinating birds. The series Kiwi is the second title in a new A5-sized full-colour series from New Holland on New Zealand's wildlife, targeted at a family readership. The first title is Penguins of New Zealand by Lloyd Spencer Davis and Rod Morris.
