Editions universitaires europeennes EUE, 2017. Paperback. Condition: New. Language: French . Brand New Book. La présente recherche a pour office d examiner la crise qui étreint la société africaine, marquée qu elle est par son ouverture vers l altérité. Les visions qui émanent de la ville sont ambivalentes, à la fois romantiques et désabusées. La ville est à la fois un espace séduisant de même qu elle est un univers qui obère les valeurs africaines considérées jusqu ici comme intangibles. C est dire qu il importe d appréhender la question de la ville sous l angle dialectique, d abord espace de fascination indéniable au regard des spécificités qui font son attrait. Ensuite, la ville sera appréhendée comme un univers de déchéance qui érode la vie individuelle tout comme les habitudes collectives de la sphère africaine. Mais, sauf à se laisser aller à un débat éculé, il convient de comprendre que le problème ne se pose plus en termes de choix entre le milieu urbain et l espace bucolique. Ce qui est d actualité, c est de comprendre le comment de la modernité.
