Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.I've chosen some vintage HOLLYWOOD images, pretty much family friendly, for your coloring pleasure. Breathe in the nostalgia evocative images from a more slowly paced lifestyle portrayed in this vintage, grayscale coloring book. I've developed these grayscale images for you with the tonal values in place. You add the color. Discover how your various pencils or crayons interact to create the colors you love. You don't have to do the shading. It's already there. Just apply a layer of color there's your picture! You'll find that even if you have only ONE red pencil, you can create many shades of red by using a blue, orange, purple underlay/overlay. Use as many layers as you wish. You're the colorist! If you choose gel pens, felt tips, or other more liquid mediums, please put a piece of cardstock or other paper behind your color work to catch any possible bleed through. You may want to cut out the pages to get a more open space to color. I always like to include a bit of whimsy. I love to give you something to smile about. Go ahead, frame your work! Put it on your walls or give as a gift. It's ART!!
