By Cheryl Beaumont

Createspace, United States, 2013. Paperback. Book Condition: New. Gary Hays (illustrator). 224 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.There are so many shows and books these days addressing the dangers of online dating but no-one seems to be addressing the real danger which in my opinion is self denial. This book is my real life stories of online dating and the lessons I learned during the process. I am hoping someone will read this book and see themselves in my stories. Maybe even take my advice and get out of there! It s time for us to get real with ourselves because the truth is people can only do to you what you let them. It s up to you to decide what happens to you online and in life.
