BY VIRTUES DESIGN: THE JUDGE CHRONICLES (PAPERBACK)**DOWNLOAD**

Createspace Independent Publishing Platform, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.A civil engineer meets a magic-wielding emperor from another world in her dreams and not only discovers that he is real, but that he stands at the center of a plot by a necromantic sociopath that threatens to destroy him and her sanity. The Empire will fall. Jacob Murak, Emperor of Alinia and keeper of all magic, knows this and there is little he can do but watch and wait. There seems no hope for his people as they are systematically killed in a war meant to weaken his resolve as much as it is to weaken his forces. This is made worse by the magic he must use to fight the enemy, which traps him under the weight of guilt that leaves women battered and him bitter. The twinkling angels in the night sky do not weep for him. They have witnessed his shame. As punishment they send him one of their own, a woman from another world who knows no magic except the inventions she weaves in her mind. This beautiful engineer isn't afraid to explore his nightmares and face the demon within him. This only deepens his sadness, even as it intensifies his desire for her. He must have her, but the cost will be great. Maria can't believe she's fallen in love with a man she met in her dreams. Dream men are supposed to stay where they belong, in her head. She is a civil engineer, not a woman prone to flights of fancy, but there is something peculiar about these dreams, something a little too real. Then again maybe her mother is right. Maybe this dream man is just her subconscious...
