Yale University Press, United States, 2005. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In this eloquent book, Kathy Eden challenges commonly accepted conceptions about the history of hermeneutics. Contending that the hermeneutical tradition is not a purely modern German specialty, she argues instead that the historical grounding of modern hermeneutics is in the ancient tradition of rhetoric. Eden demonstrates how the early rhetorical model of reading, called *interpretatio scripti* by Cicero and his followers, not only has informed a continuous tradition of interpretation from Republican Rome to Reformation Europe but also has forged such enduring hermeneutical principles as meaning, context, and literary economy.
