Child Psychology

By Ram Nath Sharma

Atlantic Publishers & Distributors (P) Ltd, 2006. Softcover. Book Condition: New. All modern psychologists hold that every individual should have, at least, little acquaintance with Child Psychology as it helps in solving children's problem all the better. Child psychology is in fact a composite and comprehensive study of children. The present book Child Psychology has added a new dimension to the vast knowledge of the subject. It introduces various stages of child development right from the conception to the adolescence. Its scope encompasses child's conative, affective and cognitive aspects as well as behaviour. It analyses the impacts of environment and heredity on child's development. In addition, it highlights the scientific underpinning of child psychology and forms a contextual approach. The other major areas covered by the book are Response Mechanism, Motor Development, Sexual Development, Moral and Aesthetic Development, Learning and Sense Training, Thinking and Reasoning, Personality, Delinquency, Psychological Testing and many more. The present book can be rightly held as an ideal textbook on the subject, covering syllabi of majority of the Indian Universities. The standard books of the West are no doubt referred to, but the examples for elucidation and elaboration have been given here in the context of...
