

Adobe Lightroom 6: Getting to Know to the Basics (Paperback)

By Gack Davison

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This program has been developed by Adobe to be used as a photo processor for the Windows or OS platforms. The user of the software will be able to view, organize and edit images as desired. The formal name of the program is Adobe Photoshop Lightroom 6 and although it shares the name with the original Photoshop, the software cannot do many of the functions Photoshop users are accustomed to. This includes things such as altering the appearance of the image or do modifications to the video frames. This book will go through some of the features of the software to educate the user so they are aware of what Adobe Lightroom can be used for.
