Henry A. Waxman (chairman) presiding. Mr. Waxman. I want to welcome you to our subcommittee hearing today. Today s hearing is on breast cancer and the potential causes of this disease, the benefits of its early detection and the need for quality treatment. This is also a hearing about hope, the hope of making real progress in understanding breast cancer, and in turn, the hope of savings thousands of lives. This is not an arcane issue. Breast cancer will affect almost every American, personally or because of the illness of a loved one or a friend. It is the most frequent cancer in women. One out of every nine American women will develop the disease during her lifetime. And this year alone, over 45, 000 Americans will die of it. For women and their families living in this part of the country, the impact of breast cancer has been particularly severe. Ohio ranks 9th highest among the 50 States for breast cancer mortality. Breast cancer death rates in several northeast areas of the State are higher than the average. And right here in Lorain County, women face the third highest death rate from breast cancer in all of Ohio. But breast cancer is not a futile issue. While there is much left to learn - particularly about the problem here...
