Reviews

It is just one of the best publications. This can be for anyone who states that there was not a well worth reading through. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Tara Jerde)

PREVENTING VIOLENCE

Thames & Hudson. Paperback. Book Condition: New. Paperback. 112 pages. Dimensions: 8.6in. x 5.4in. x 0.6in. In this controversial and compassionate book, the distinguished psychiatrist James Gilligan proposes a radically new way of thinking about violence and how to prevent it. Violence is most often addressed in moral and legal terms: How evil is this action, and how much punishment does it deserve. Unfortunately, this way of thinking, the basis for our legal and political institutions, does nothing to shed light on the causes of violence. Violent criminals have been Gilligans teachers, and he has been their student. Prisons are microcosms of the societies in which they exist, and by examining them in detail, we can learn about society as a whole. Gilligan suggests treating violence as a public health problem. He advocates initiating radical social and economic change to attack the root causes of violence, focusing on those at increased risk of becoming violent, and dealing with those who are already violent as if they were in quarantine rather than in constraint for their punishment and for societys revenge. The twentieth century was steeped in violence. If we attempt to understand the violence of individuals, we may come to prevent the collective violence that threatens our future far more than all the individual crimes put together. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
