Serendipity by Ira Narang is a story about believing in the infinite power of destiny and following your heart. The plot revolves around the life of an archaeologist, Elizabeth Hills, who after achieving more than she had ever expected decides to go to Iceland for a change .And that mere trip changes her entire life when she plays a game of billiards with a stranger. She does not meet him again, returns to Canterbury and gradually forgets him. But three years later, a letter knocks her door, with remnants from the past. This is how her unpremeditated journey of life begins, a journey which takes her around the world in the search of the only man, she ever dared to love. In search of a stranger. It s a story of lost love- forgotten and found. It is a story about the bedazzling powers of nature and the Almighty.
