Serpientes (Hardback)

By Diney Deruy

AUTHORHOUSE, United States, 2005. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Serpientes is imaginative fiction based on non-fictional data. Diney wrote this book for sheer entertainment, although it is educational concerning the black rat snakes that share the earth with humans. Blacksnakes are a large part of our ecological environment, preceding man by millions of years. She hopes to edify respect for the creatures, even though Serpientes is creepy, weird and scary. The story delves into possibilities that man may not always be the dominant animal, if people are not careful. Evolution and adaptation of any species is very real. Awareness of our slithering neighbors is humbling, especially when toying with the idea of abnormal tampering with the beast. The psychological twists and turns the characters reactions have to their discoveries are fascinating. Mark Gordon, the small town biologist in Greenland, Kansas, is one of the first to stumble upon these very large creatures that are unbelievably living underneath his town. He calls in a professional, Barbara James, to help unearth his findings - to find out if the surreal will harm his town s population. However, he keeps quiet from the citizens about...

Reviews

Unquestionably, this is the best work by any author. Better then never, though i am quite late in start reading this one. I realized this publication from my dad and i advised this pdf to find out.
