Reviews

Without doubt, this is actually the greatest operate by any writer. It is really basic but surprises within the 50 percent of the ebook. I discovered this ebook from my i and dad recommended this ebook to understand.
(Mrs. Chelsea Hintz)

IRVING FISHER'S 100 MONEY MODEL TO FIX THE CURRENT BANKING CRISIS: A PRACTICAL SOLUTION TO RESOLVE AMERICA'S FINANCIAL SYSTEM AND REDEEM THE NATIONAL DEBT

Createspace, United States, 2010. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.The father of the exchange equation and author of the standard work on the theory of interest, the mathematician and Professor of Economics at Yale University, the late Irving Fisher, LL.D., in 1935 published a lesser known book, highly controversial at the time, and now purposely forgotten: 100 Money. Designed to keep checking banks 100 liquid; to prevent inflation and deflation; largely to cure or prevent depressions; and to wipe out much of the National Debt. The book made the renowned professor emeritus an outlaw in the eyes of the moneyed class in the United States, but he was acknowledged by John Maynard Keynes at Cambridge and is mentioned referred to in the indices of Keynes General Theory and Tract on Monetary Reform. Fisher's private wealth sustained him. The present work places Irving Fisher's 100 Money into the framework for a solution to the Global Financial Crisis of 2007 which is ongoing until governments take back their constitutional money power which has been given away to private bankers for nothing in return but a burgeoning public debt.
