

Basic Mathematics

By Lawrence A Trivieri

HarperCollins Publishers Inc, United States, 2006. Paperback. Book Condition: New. 2nd. 272 x 203 mm. Language: English . Brand New Book. Master Your Coursework with Collins College Outlines From fractions, decimals, and geometric measurement to exponents, scientific notation, and an introduction to algebra, the Collins College Outline in Basic Mathematics explores and explains the topics that students will find in introductory mathematics classes. Completely revised and updated by Dr. Lawrence Trivieri, Basic Mathematics includes a test yourself section with answers and complete explanations at the end of each chapter. Also included are bibliographies for further reading, as well as numerous graphs, charts, and example problems. The Collins College Outlines are a completely revised, in-depth series of study guides for all areas of study, including the Humanities, Social Sciences, Mathematics, Science, Language, History, and Business. Featuring the most up-to-date information, each book is written by a seasoned professor in the field and focuses on a simplified and general overview of the subject for college students and, where appropriate, Advanced Placement students. Each Collins College Outline is fully integrated with the major curriculum for its subject and is a perfect supplement for any standard textbook.
