Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Large Print. Language: English . Brand New Book ***** Print on Demand *****. Since 2003, Anglo-American power has secretly and openly coordinated direct and indirect support for Islamist terrorist groups linked to al-Qaeda across the Middle East and North Africa. This ill-conceived patchwork geo-strategy is a legacy of the persistent influence of neoconservative ideology, motivated by longstanding but often contradictory ambitions to dominate regional oil resources, defend an expansionist Israel, and in pursuit of these, re-draw the map of the Middle East. Now despite Pentagon denials that there will be boots on the ground - and Obama s insistence that this would not be another Iraq war - local Kurdish military and intelligence sources confirm that US and German special operations forces are already on the ground here. US airstrikes on ISIS positions and arms supplies to the Kurds have also been accompanied by British RAF reconnaissance flights over the region and UK weapons shipments to Kurdish peshmerga forces. Early during the 2003 invasion and occupation of Iraq, the US covertly supplied arms to al-Qaeda affiliated insurgents even while ostensibly supporting an emerging Shi a-dominated administration.
