Little, Brown Company, United States, 1990. Paperback. Condition: New. Anniversary. Language: English . Brand New Book. Classic insight for modern times. The world's foremost producer of personal development and motivational audio programs now offers a completely unique approach to learning leadership skills. Most programs on leadership present the successes of contemporary men and women as role models for study. While valuable lessons can be learned from their examples, few models or success stories reveal the true essence of their leadership abilities or can anticipate the special circumstances, conditions, or situations that you deal with as a manager. In the runaway bestseller Leadership Secrets Of Attila The Hun, author Wess Roberts draws from the imaginary thoughts of one of history's most effective and least beloved leaders, Attila the Hun, to discover leadership principles you can apply to your own situation. In a uniquely creative and entertaining approach to a most serious task, Attila reveals his principles for successful morale building, decision making, delegating and negotiating, and gives advice on overcoming setbacks and achieving goals.
