Book one of this fantasy series about reincarnated lovers. Review by Danita Dyess for Readers Favorite Author A.J. Aaron is a genius. I loved this book! Reluctant Gods asks you to imagine waking up one Saturday morning and learning that you are literally a god with the power to save the world. Your grandmother, Aysel, is an ancient mystic who showed you the secrets behind the trap door. Well, this scenario happened to Sevilen, an engineer with a back problem. Within 24 hours of Aysel's death, his health is restored. Then, he inherits \$77 billion and learns he can telepathically transport to another dimension. He meets Alexander, a trusted servant and four new archangels - Raphael, Michael, Gabriel and Auriel. Together, these super humans will help him reunite with his one great love, Leyna, a gorgeous narcissist who misused her power and died in her past lives. But there is one catch: Sevilen must accomplish this before Leyna's next birthday and the proverbial clock is ticking. Author's Description Past lives and past mistakes echo themselves for over five hundred years until an ancient agreement with four archangels manifests itself to remind a witch and a wizard of their destiny. This is Leyna...
