

How Cios Can Solve the Security Puzzle: Tips and Techniques for Cios to Use in Order to Secure Both Their It Department and Their Company (Paperback)

By Jim Anderson

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. As though staying on top of changing technology trends wasn't enough, today's CIOs also find themselves being held responsible for securing the IT department as well as the rest of the company. This is a job that few of us have ever been trained to do; however, the stakes have never been higher. What You'll Find Inside: * VULNERABILITY MANAGEMENT: THE CIO'S OTHER JOB * KEVIN MITNICK SPEAKS ABOUT IT SECURITY * DATA PROTECTION SECRETS: CIOs KNOW THAT IT STARTS AT THE ENDPOINT * THE INSIDER THREAT: WHAT CIOs NEED TO KNOW Your company's senior management knows even less about IT security than you do. However, they view you as being the person who can keep them safe. If you can accomplish this task, then you will have secured your relationship with the CEO and CFO, if not then they may be looking for a new CIO. In order to successfully secure your department and your company, you are going to have to start at the network's endpoints and work your way in....
